

eventCON

The eventCON is a new, innovative cable connector system, which combines power and DMX signal in one cable and one plug. This is the revolution of connection in lighting. The plug is IP76 certified and can be assembled in the customers need without losing the IP certification.

To take care that the eventCON system works with your classic fixtures we have developed adapter sets which connect classic XLR/Schutzko/PowerCon with the eventCON system.

Features:

- power/signal hybrid cable
- power/signal adapter
- IP67 protection class
