

GAFFGUN™

Product Code
TO-GAFFGUN/G20

Pro Bundle w/3 Cableguides & Floorguide

Product Description:

The GaffGun™ is the single greatest advancement in gaffer's tape since the tape was invented. Saving over 90% of the time to lay gaffer's tape over cables, it simplifies your job while saving time, money and your back. Using patent-pending CoreLok™ technology, you can use any type or size of GaffGun™ tape on the same device. Cables don't even have to be straight - the GaffGun™ straightens and centers your cable(s) and then lays tape on them.

Product Features and Specifications:

- The GaffGun™
- Long extension handle
- CableGuide™ - Small
 - For use with 2" GaffGun™ tape
 - Allows 1-2 standard XLR cables, or fewer cables of larger diameter.
- CableGuide™ - Medium
 - For use with 3" GaffGun™ tape
 - Allows 1-3 standard XLR cables, or fewer cables of larger diameter.
- CableGuide™ - Large
 - For use with 3" GaffGun™ tape
 - Allows 3-5 standard XLR cables, or fewer cables of larger diameter.
- FloorGuide™ - Used with the GaffGun™, the patent-pending FloorGuide™ allows all widths of tape to be applied straight to a floor. This is useful when using GaffGun™ vinyl floor tape and double-sided carpet tape.
- Size: 10"L x 6"W x 7"H
- Weight: 4.8 kgs/ 10.5 lbs
- Heavy duty marine grade material
- Color: Black
