

Battery

Mail-Back Recycling Program

www.go-bak.com

## Responsible. Green. Recycling.™

Recycle responsibly, help the environment and save money. Many batteries contain small amounts of hazardous waste. Managing and disposing batteries in accordance with hazardous waste regulations, prevents you and your business from liabilities and fines.

**All Shipping & Recycling Fees Included!**

## Simple Steps to begin Recycling

1. Order your Battery **BakPak™** kit today from **Techni-Lux**.
2. Put InnerPak liner into container. Adhere the red return shipping label to the outside of the container & fill out the Accumulation Start Date.
3. Fill completely with **Non-Leaking or Non-Cracked batteries**. Lithium, NiCad, NI-MH and non-spillable batteries must ALL be placed into individual non-reactive bags or have terminals taped. Once filled close and secure the InnerPak liner. Seal the top of the BakPak™ closed with the self-locking lid.
4. Call 1-800-GoFedEx®, 888-777-6040 or give package to your normal FedEx® Ground Service for pick-up.
5. **Certificate of Recycling** Once BakPak™ is received, your battery waste gets recycled and you will be issued a Certificate of Recycling.
