Company overview

- A technology driven lighting solutions provider
- Main customers are architectural lighting consultants, rental companies, venues, clubs
- Main products include LED solutions, architectural projectors, outdoor multiray effects
- Founded in 1982
- Headquartered in Italy
- Products made in Italy
- Studio Due Hong Kong and Studio Due UK branches
- 30 Employees Worldwide

Mission statement

To supply high reliable and high performing lighting solutions in the main market sectors at competitive prices

- Architectural Lighting
- Architainment
- Retail/Commercial Lighting
- Industrial Lighting
- Urban Lighting
- General Lighting

Philosophy

- blue stillness

We have chosen the BLUE for the Architectural Division to symbolize the sense of the comfort, the positive energy to offer a multi sensory visual envision.

We emphasize architecture with light.

The lighting design is the perfect combination of science and art.

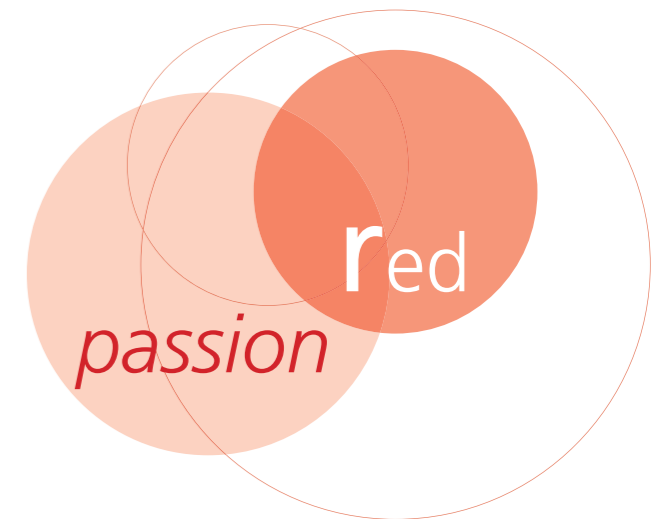

Philosophy

- red passion

We have chosen the RED for the Showlighting Division. RED is the color of the passion, of the entertainment. Passion is what we put in every product we manufacture.

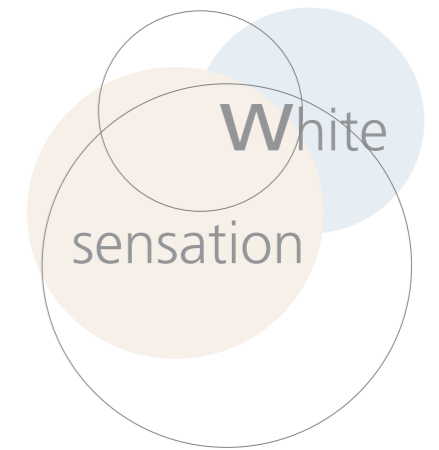

Philosophy

- white sensation

We have chosen the WHITE for the monochromatic line. WHITE is the color of the pureness.

The monochromatic series offers a complete range of high brightness single color LEDs or tunable white.
